Dear Clark County School District Community,

The Clark County School District cares about the safety of every child in our care. We know that maximizing safety on all Clark County School District campuses ensures student success. We are engaging parents, and/or guardians, as critical partners in communicating behavioral expectations to all students. We anticipate that you will discuss the *K-12 Student Code of Conduct* and review the material herein during conversations at home. After doing so, we ask you to please submit the Acknowledgement of Receipt and Review Signature Form to your child’s school.

We know that students must be in school to optimize learning and succeed in attaining educational goals. Excluding serious disciplinary infractions, every effort will be made to minimize educational disruptions or exclusionary practices for students not following the *K-12 Student Code of Conduct*. Our priority is to use positive behavior supports, when possible, to encourage appropriate student behavior. When this is not an option, we are committed to equitable and reasonable consequences to foster improvement in student behavior.

Our goal each day is to ensure students feel safe while attending any Clark County School District school. It should be noted that students possessing weapons, specifically firearms or other dangerous weapons, will be immediately referred to law enforcement. We will not tolerate jeopardizing the safety of our students or the Clark County School District community. More about this policy and the consequences for weapons infractions can be found in the *K-12 Student Code of Conduct*.

Additionally, along with the safety of our students, we are committed to the safety of our employees. Student behaviors causing harm to our employees may result in expulsion proceedings and/or law enforcement involvement. Additional information about conduct expected in the classroom, on school grounds, and at school events, can all be found in the *K-12 Student Code of Conduct*.

Thank you for your contributions to assist the Clark County School District with strengthening safety for all. Again, after you have reviewed this document, we ask you to please submit the Acknowledgement of Receipt and Review Signature Form to your child’s school. We stand together to create safe and successful schools.

In Partnership,

Dr. Jesus F. Jara
Superintendent

PURPOSE OF THE DOCUMENT

The purpose of this document is to familiarize stakeholders with specific behavior incidents and the potential consequences for student behavior violations. Additionally, all employees of the Clark County School District will utilize the K-12 Student Code of Conduct while determining disciplinary outcomes for students. This document contains all of the individual discipline incident codes (67) with the definitions, Infinite Campus/student accounting code, potential discipline resolution(s), related notes, and resources, if applicable, associated with each behavior incident.

SAMPLE

| Definition: | This area will provide the meaning of each behavior incident. |
| Infinite Campus Code: XYZ | Recommended Resolutions: |
| Minor | Major | Office/Staff/Administrative-Managed |
| • Listing of potential resolutions utilized by Staff | • Listing of potential disciplinary outcomes for students |

Notes:
• Specific notes detailing information related to the behavior incident. Additionally, incident notes assist with what additional requirements may relate to the behavior incident.

Resources:
• Additional supporting information from Nevada Revised Statutes (NRS) or other resources in relationship to the behavior incident.

INCIDENT TYPE DEFINITIONS

In an effort to optimize equitable application of disciplinary consequences for students, it is important to differentiate and define all types of disciplinary incidents. The behavior incident sample table above includes terminology explaining if the behavior incident is staff-managed, office-managed, or administrative-managed referring to the personnel/employees directly addressing the behavior incident.

MINOR BEHAVIOR INCIDENTS

Minor Behavior Incidents are staff-managed behavior incidents that are addressed by school personnel such as a classroom teacher, when applicable. Minor Behavior Incidents violate school or classroom rules or procedures.

MAJOR BEHAVIOR INCIDENTS

Major Behavior Incidents are office-managed behavior incidents that are addressed by office staff and/or administration. They are severe in nature or are habitually repeated. Major Behavior Incidents that violate Clark County School District Policies and Regulations, impact student or staff safety, or cause property damage are subject to law enforcement involvement. Major Behavior Incidents include all discretionary expellable offenses.

URGENT BEHAVIOR INCIDENTS

Urgent Behavior Incidents are administrative-managed behavior incidents that are addressed by administration only with an immediate response. Urgent Behavior Incidents are identified as mandatory expellable offenses per Nevada Revised Statutes or Clark County School District Policies and Regulations.

DISCIPLINE RESOLUTION CRITERIA

In addition to the type of behavior incidents, educators use a criteria to determine the level of consequence being considered for individual students which may vary in range from Minor to Major. Urgent discipline resolutions are standardized because of Nevada Revised Statutes or Clark County School District Policies and Regulations. The criteria include sections and considerations for Minor Behavior Incidents, Minor to Major Behavior Incidents, and Major Behavior Incidents. The application of these criteria are useful for all incidents contained in the Behavior Incident Index located on page 10. Educators will analyze the criteria in connection to an individual Behavior Incident to ensure safety, optimize equitable application related to Behavior Incident Resolutions, and limit exclusionary discipline practices that cause missed school opportunities for students. The discipline resolution criteria are below:

Minor

The behavior incident resolution determinations within the Minor Recommended Resolutions involves an analysis of repeated incidents or violations of the K-12 Student Code of Conduct in the classroom or school. Multiple Minor Recommended Resolutions may be required to address student behavior incident violations in a proactive manner.

Questions to consider prior to the issuance of Recommended Resolutions in the Minor Category:
Is the incident isolated to the classroom and easily managed by staff through redirection methods and intervention?
Can student reflection be promoted to ensure future behavior incidents do not occur?
Will the behavior incident create a “teachable moment” between educators and students?
Can the re-engagement of the student to learning happen in the classroom with immediate education professional intervention?
Minor - Major

The behavior incident resolution determinations within the Minor to Major Recommended Resolutions involves an analysis of repeated incidents or violations of the K-12 Student Code of Conduct that may create safety issues for other students, employees, or the individual student initiating the behavior incident.

Questions to consider prior to the issuance of Recommended Resolutions in the Minor or Minor to Major Category:
- Is the educational professional working with the student able to clearly identify, recognize, and prevent unacceptable behavior occurring in the classroom?
- Can the educational professional working closest with the student promote self-discipline of the individual student while redirecting the minor infraction to ensure that classroom instruction for all students continues?
- Has a counselor or other school professional attempted to determine the antecedent of the behavior(s) creating a violation of the K-12 Student Code of Conduct?
- How did the student react to positive redirection when violation(s) of the K-12 Student Code of Conduct occurred?
- Have parent(s) or legal guardian(s) been informed of previous Minor Behavior Incidents? What evidence exists regarding telephone call logs to parent(s) or legal guardian(s), meetings, and electronic or written communication to the student’s parent(s) or legal guardian(s)?
- Has reasonable effort occurred to contact parent(s) or legal guardian(s)?
- Were any non-exclusionary disciplinary techniques provided to the student(s) to ensure compliance with the K-12 Student Code of Conduct prior to a Major Discipline Resolution?
- Was an educational professional able to distinguish between Minor and Major offenses, as well as accounting for first time versus repeated offenses?
- Can the individual student accept responsibility with a lesser consequence and articulate the harm caused by a behavior incident violation?
- After reviewing the discipline referral, is there a better solution to serve this student and retract the discipline referral?

Major

The consequence level within the Major Recommended Resolutions involves frequency of occurrence related to disciplinary incident(s); and behavior incident severity determinations being made after an analysis of historical school counseling and other proactive efforts, offered wraparound interventions provided to the student at the school.

Questions to consider prior to the issuance of Recommended Resolutions in the Major Category:
- Could a less punitive discipline resolution within the Major discipline resolution change the student’s behavior in a positive way? Are community service efforts on the school campus available for the student to learn from violations of the K-12 Student Code of Conduct (i.e., school cleanup)?
- Has parent(s) or legal guardian(s) contact been ongoing in relationship to previous violations of the K-12 Student Code of Conduct? What documentation exists showing the ongoing communication efforts with parent(s) or legal guardian(s)? Has reasonable effort occurred to contact parent(s) or legal guardian(s)?
- Did the behavior incident create a substantial disruption on the campus and did the incident jeopardize the safety/well-being of others or the individual student involved in creating the behavior incident?
- Based on the behavior incident violation, does the discipline determination impact the culture and climate of the school related to adherence to school rules and expectations?

In relation to Major Behavior Incidents, the following parameters should be incorporated.

Exclusionary Discipline Review

First-level Required Parent Conference (RPC) is set at a one (1) day maximum. Prior to any first-level RPC previous interventions must include:
- Parent(s)/Legal Guardian(s) Notification

Second-level RPC for recurring discipline is set at a two (2) day maximum. Prior to any second-level RPC previous interventions must include:
- Parent(s)/Legal Guardian(s) Notification
- Specialized Instructional Support Personnel (SISP) Referral

First-level suspension is set at a two (2) day maximum. Prior to any suspension previous interventions must include:
- Parent(s)/Legal Guardian(s) Notification
- SISP Referral or Harbor Referral
- RPC (two (2) day maximum)

Subsequent suspensions or second-level suspensions are set at two (2) and/or five (5) days depending on behavior incident.
- Prior to any recommendation for Behavior School or Alternative Educational Placement (AEP) previous interventions must include:
- Parent(s)/Legal Guardian(s) Notification
- SISP Referral or Harbor Referral

Urgent

All Urgent Behavior Incidents are mandatory expulsion recommendations with no recommended resolutions.

VI. Discipline
A. Student Discipline
1. Discipline for a violation of the bullying and cyberbullying policy for students is imposed in accordance with the CCSD Regulation 5141.1.
2. The parent or legal guardian of a student involved in the reported bullying or cyberbullying violation may appeal a disciplinary decision of the principal or designee made against the student as a result of the violation in accordance with District policies as set forth in Section VII below.
3. Not later than 30 days after receiving the disciplinary decision, the parent or guardian may submit to the principal or designee a complaint or concern regarding the conduct or outcome of the investigation; and 2) Request a meeting with the principal or designee to discuss the outcome of the investigation; and
3) Appeal the outcome of the investigation or disciplinary decision made against the student in the manner prescribed in Section VII below.

B. Employee Discipline
1. The provisions of the bullying and cyberbullying law do not apply to a violation committed by an employee of a school or school district against another employee of a school or school district. However, if applicable, the District will comply with Regulation 4110, Employment Discrimination, Harassment, and Sexual Harassment; All Employees; administrative procedures; any applicable collective bargaining agreement; and other applicable laws.
2. Any District employee who violates this bullying and cyberbullying policy shall be subject to discipline, if appropriate.
3. An administrator, including a principal, or the designee of an administrator or principal of a school:
   a. Shall be disciplined by written admonishment, demotion, suspension, dismissal or refusal to reemploy for knowingly and willfully failing to comply with the provisions of NRS 388.1351.
   b. May be demoted, suspended, dismissed, or not reemployed if knowingly and willfully failing to comply with the provisions of NRS 388.1351 or an intentional failure to report a violation of NRS 388.135 if the administrator witnessed the violation.
4. A teacher may be suspended, dismissed, or not re-employed if knowingly and willfully failing to comply with the provisions of NRS 388.1351 or an intentional failure to report a violation of NRS 388.135 if the teacher witnessed the violation.
VIII. School Safety Team

A. The principal of each school shall develop a school safety team to help develop, foster, and maintain a school environment, which is free from bullying and cyberbullying. The school safety team shall:

1. Consist of the school principal/designee, and the following persons appointed by the principal: a school counselor; at least one teacher who teaches at the school; at least one parent or legal guardian of a student enrolled in the school; and any other person appointed by the principal. The principal has discretion to limit the number of additional persons appointed to the safety team so that it does not become too large or unmanageable.

2. Meet at least two (2) times each year.

3. Identify and address patterns of bullying and cyberbullying.

4. Assist the principal in reviewing and strengthening school policies to prevent and address bullying or cyberbullying.

5. Assist the principal in providing information to school personnel, students enrolled in the school parent(s) or legal guardian(s) and of students enrolled in the school about methods to address bullying and cyberbullying.

6. If an employee is the holder of a license issued pursuant to Chapter 391 of NRS, the superintendent may recommend to the Board of School Trustees that the Board submit a recommendation to the State Board of Education for the suspension or revocation of the license for knowingly and willfully failing to comply with the provisions of NRS 388.1351.

VII. Appeal Process

A. Appeal Process for the Alleged Aggressor/Bully

1. The parent/guardian of the alleged aggressor/bully has ten (10) school days to appeal the outcome of the bullying investigation and/or appeal the disciplinary decision the principal or designee made against the student as a result of the violation.

2. If the assistant principal or dean issued the initial student discipline, then the parent/guardian may appeal to the principal. In these cases, there is no right to another appeal with the school associate superintendent.

3. If the principal issued the initial student discipline, then the parent/guardian may appeal to the school associate superintendent assigned to that school.

4. Upon receiving an appeal request, the principal/school associate superintendent (as applicable) must contact or meet with the parent/guardian to hear concern(s) within five (5) school days from the date of the request. Within ten (10) school days following the contact/meeting, the principal/school associate superintendent must inform the parent/guardian of his/her decision: uphold, modify, or rescind the decision. Extensions of this timeline may be made by the District if needed, and parent will be notified of any extensions via telephone, email, or in person.

5. If an employee is the holder of a license issued pursuant to Chapter 391 of NRS, the superintendent may recommend to the Board of School Trustees that the Board submit a recommendation to the State Board of Education for the suspension or revocation of the license for knowingly and willfully failing to comply with the provisions of NRS 388.1351.

6. If a student is referred to behavior school or for expulsion, the same process outlined above should occur, however, the process will continue through the appeal process administered by the Education Services Division (ESD). After the ESD appeal is complete, the District’s decision is final.

7. Not later than 30 days after receiving notification of the final decision of the District, the parent/guardian may submit a complaint/appeal to the Office for a Safe and Respectful Learning Environment within the Nevada Department of Education concerning the outcome of the appeal or an alleged violation of the bullying laws. The procedures for submitting a complaint/appeal are set forth in State administrative regulations (Chapter 388 of the NAC), a copy of which will be distributed annually to all parents/guardians of students enrolled in the District.

8. This appeal process applies to school issued bullying/cyberbullying disciplinary action only. It does not apply to any citation or action imposed by the Clark County School District Police or local law enforcement when the conduct also involves a criminal offense.

B. Appeal Process for the Alleged Victim/Target

1. The parent/guardian of the alleged victim/target may appeal a determination that the bullying was “unsubstantiated” within ten (10) school days of the issuance of the initial determination contained in the Bullying Written Report.

2. The level of discipline imposed/not imposed is not subject to appeal by the victim/target at the local level given that the District cannot disclose those details to the parent/guardian of alleged victim/target under FERPA.

3. If the assistant principal or dean issued the initial finding/decision contained in the Bullying Written Report, the parent/guardian of the alleged victim/target may appeal to the principal. In these cases, there is no right to another appeal with the school associate superintendent.

4. If the principal issued the initial finding/decision contained in the Bullying Written Report, the parent/guardian of the alleged victim/target may appeal to the school associate superintendent.

5. Upon receiving an appeal request, the principal/school associate superintendent (as applicable) must contact or meet with the parent/guardian to hear concern(s) within five (5) school days from the date of the request. Within ten (10) school days following the contact/meeting, the principal/school associate superintendent must inform the parent/guardian of his/her decision: uphold, modify, or rescind the decision. Extensions of this timeline may be made by the District if needed, and parent will be notified of any extensions via telephone, email, or in person.

6. If an employee is the holder of a license issued pursuant to Chapter 391 of NRS, the superintendent may recommend to the Board of School Trustees that the Board submit a recommendation to the State Board of Education for the suspension or revocation of the license for knowingly and willfully failing to comply with the provisions of NRS 388.1351.

7. Not later than 30 days after receiving notification of the final decision of the District, the parent/guardian may submit a complaint/appeal to the Office for a Safe and Respectful Learning Environment within the Nevada Department of Education concerning the outcome of the appeal or an alleged violation of the bullying laws. The procedures for submitting a complaint/appeal are set forth in State administrative regulations (Chapter 388 of the NAC), a copy of which will be distributed annually to all parents/guardians of students enrolled in the District.

8. This appeal process applies to school issued bullying/cyberbullying disciplinary action only. It does not apply to any citation or action imposed by the Clark County School District Police or local law enforcement when the conduct also involves a criminal offense.

C. School Safety Team

A. The principal of each school shall develop a school safety team to help develop, foster, and maintain a school environment, which is free from bullying and cyberbullying. The school safety team shall:

1. Assist the principal in providing information to school personnel, students enrolled in the school parent(s) or legal guardian(s) and of students enrolled in the school about methods to address bullying and cyberbullying.
6. Not have access to personally identifiable student information related to bullying and cyberbullying, unless a member of the safety team is a school official with a legitimate educational interest, and then only that particular member may have access.

7. Participate in the District’s training regarding bullying/cyberbullying, to the extent that funds are available.

IX. Professional Development

The Clark County School District will provide for the appropriate training of all administrators, principals, teachers, and all other personnel employed by the District as prescribed by this policy under the heading “Professional Development.”

A. The superintendent shall develop methods of discussing the meaning and substance of this policy with staff in order to help prevent bullying and cyberbullying. This will also include methods for addressing the rights and needs of persons with diverse gender identities or expressions as it pertains to the prevention of bullying and cyberbullying.

B. In addition to informing staff and students about the policy, the superintendent shall develop a plan, including requirements and procedures, to assure that the following professional development be provided to all administrators, principals, teachers, and other personnel employed by the Board of Trustees of the Clark County School District:

1. Awareness concerning the various types of bullying and cyberbullying; how the bullying and cyberbullying manifests itself; and the devastating emotional and educational consequences of bullying and cyberbullying.
2. Training in the appropriate methods to facilitate positive human relations without the use of bullying and cyberbullying so that students and employees may realize their full academic and personal potential.
3. Training in methods to prevent, identify, and report incidents of bullying and cyberbullying.
4. Training concerning the needs of persons with diverse gender identities or expressions as it pertains to the prevention of bullying and cyberbullying.
5. Training concerning the needs of students with disabilities and students with autism spectrum disorder.
6. Methods to promote a positive learning environment.
7. Methods to improve the school environment in a manner that will facilitate positive human relations.
8. Methods to teach skills so that students and employees are able to replace inappropriate behaviors with positive behaviors.

C. The superintendent shall work with the Office for a Safe and Respectful Learning Environment within the Nevada Department of Education to access available outreach and anti-bullying education and training materials, if appropriate.

X. Disclosure and Public Reporting

A. This policy and the portion of Chapter 388 of the NAC related to bullying will be distributed annually to all students enrolled in the District, their parents and/or guardians, and employees. It will also be made available upon request to any person, including organizations in the community having cooperative agreements with the schools.

B. As required by NRS 385.3483, the following statistics regarding bullying and cyberbullying will be included in the District’s annual report of accountability:

1. The number of reported violations of the bullying and cyberbullying policy occurring at each school, or otherwise involving a student enrolled at the school, regardless of the outcome of the investigation conducted.
2. The number of incidents determined to be bullying or cyberbullying after an investigation is conducted.
3. The number of incidents resulting in suspension or expulsion for bullying and/or cyberbullying.
4. Any actions taken to reduce the number of incidences of bullying or cyberbullying, including without limitation, training that was offered or other policies, practices, and programs that were implemented including actions taken for the “Week of Respect.”
5. Personally identifiable student information related to bullying and cyberbullying must not be included in the annual report of accountability.
6. No member of the Board of Trustees, teacher, administrator, principal, coach, or other staff member may interfere with the reporting of statistics concerning violations of the bullying law.

C. As required by NRS 388.1351, the principal or designee will submit a monthly statistical report to the school associate superintendent over their school that includes the number of reported violations of the bullying and cyberbullying policy at their school; the number of incidents determined to be bullying or cyberbullying after an investigation is conducted; and the number of incidents determined not to be bullying or cyberbullying after an investigation is conducted. The school associate superintendent will submit the quarterly report with these statistics to the Office for a Safe and Respectful Learning Environment.

D. An annual summary report shall be prepared and presented to the School Board, which includes trends in bullying behavior and recommendations on how to further reduce bullying behavior. The annual report will be available to the public. The annual report will include statistical information, and will not include personally identifiable student information.

RULES OF CONDUCT FOR SCHOOL BUS RIDERS

Rules of Conduct:
The students on the bus are in the immediate supervision of the bus driver and are, thus, subject to the rules set by the Clark County School District Board of School Trustees and the State of Nevada. Any offense of these rules by a student is to be documented on a School Bus Incident Report to Parents issued by the bus driver concerning the disciplinary offense with copies distributed to the principal or designee, the parent(s) or legal guardian(s), and the Clark County School District Transportation Office.

- Bus students must stand in an orderly manner at pickup points until the bus comes to a complete stop.
- Students must board the bus in a single file line and go directly to a seat.
- All students must remain seated while the bus is in motion. Students must remain seated until the bus has fully stopped, then enter the aisle and go directly to the front exit door. Students must exit through the front exit door after the bus has come to a complete stop. If a student must cross the road, walk forward ten (10) feet or more; wait for the driver’s signal, then cross when it is safe to do so.
- Any distracting action by a student that creates a safety hazard by demanding unnecessary attention of the driver may result in disciplinary action (loud talking, use of profanity, fighting, throwing objects, smoking, standing, eating, drinking, and/or damaging the bus or bus seats).

In conformance with the K-12 Student Code of Conduct, the site administrator will address bus misconduct in the following manner:
1. Confer with the student, the parent(s) or legal guardian(s), or appropriate transportation staff, as necessary, to resolve student conduct problems.
2. Designate students as ineligible for transportation services when warranted and notify the Clark County School District Transportation Department and the parent(s) or legal guardian(s) of the action taken.

CLARK COUNTY SCHOOL DISTRICT REGULATION 5114.2
DISCIPLINE: EXPULSION PROCEDURES
I. Expulsion is the removal of a student from school for any of the reasons provided for in Clark County School District Regulation 5141.1, Discipline: Control of Dangerous and Antisocial Behavior, or Regulation 5141.2, Discipline: Harassment. The procedure for determining whether a student should be recommended for expulsion is set forth below:

A. The principal shall report any violation of the law to the appropriate law enforcement agency. Principal as used in this Regulation means the principal or designee.

B. The principal or designee shall suspend the student by use of a “Notice of Suspension” (Form CCF-806) pending further investigation by administration and review of the facts, which may lead to a recommendation for expulsion.

C. Within three (3) school days of the suspension, the principal or designee, must conduct a hearing with the student and the student’s parent(s) or legal guardian(s), to discuss the investigation of the incident, the violation of school rules and/or District regulations, and the student’s prior discipline history, as well as any information submitted that the parent(s) or legal guardian(s) would like the principal to consider as it relates to the suspension and the possible recommendation for expulsion.

At the conclusion of the hearing, the principal or designee shall inform the parent(s) or legal guardian(s) of the decision regarding the disciplinary action, which may include a recommendation for expulsion. The principal or designee must recommend expulsion if it is determined at the hearing the student has or is believed to have committed any of the offenses listed in Regulation 5141.1(V)(A) as offenses which require a mandatory recommendation for expulsion.

D. If the student is to be recommended for expulsion, the parent(s) or legal guardian(s) must be informed of the due process procedures available. The parent(s) or legal guardian(s) must decide whether to contest or not contest the expulsion and sign a statement to that effect.

II. The following levels of due process are available to the parent(s) or legal guardian(s) of a student who is being recommended for expulsion:

A. A hearing will be conducted by the school principal, or designee. The principal will disclose information obtained during the investigation of the incident which resulted in the recommendation for expulsion. This information, as well as the student’s prior disciplinary record, will be reviewed with the student and the parent(s) or legal guardian(s). The parent(s) or legal guardian(s) must be allowed to present any information to the principal that the parent(s) or legal guardian(s) would like the principal to consider. The student must also be allowed to be heard regarding the incident resulting in the recommendation for expulsion.

B. At the conclusion of the hearing, the principal shall inform the parent(s) or legal guardian(s) of the decision and must within two (2) school days following the hearing provide written notice to the parent(s) or legal guardian of the decision regarding the recommended expulsion.

C. If the decision to recommend expulsion is upheld by the principal, the principal will forward the required documentation (as listed on Form CCF-571) to the Assistant Superintendent, Education Services Division, or designee, within two (2) school days.

D. Within three (3) school days of receiving the principal’s recommendation, the Assistant Superintendent, Education Services Division, or designee will review the recommendation to assure compliance with due process procedures and evaluate the appropriateness of the discipline recommended. The Assistant Superintendent, Education Services Division, or designee, will determine whether the recommended expulsion should be limited or permanent as defined in Section III(D)(4), or modified.

E. Within two (2) school days after a determination has been made, the Assistant Superintendent, Education Services Division, or designee, will notify the parent(s) or legal guardian(s) of the recommendation and determination.

F. If the decision to recommend expulsion is upheld and the parent(s) or legal guardian(s) decides to contest the expulsion recommendation, the parent(s) or legal guardian(s) must notify the Assistant Superintendent, Education Services Division, of the intent to contest the recommendation for expulsion within fourteen (14) days of receiving notice of the recommendation for expulsion. Within fourteen (14) days after receipt of the notice contesting the expulsion, a hearing will then be held by an Education Services Division Hearing Panel.

III. EXPULSION HEARING PANEL

A. The Education Services Division Hearing Panel, selected by the Assistant Superintendent, Education Services Division, will consist of three (3) members as follows:

1. A secondary education administrator;
2. A secondary education teacher; and
3. A secondary education support staff employee

B. The members of the Hearing Panel may not be selected from the school from which the student was recommended for expulsion.

C. Deans and Police Officers may not serve as members of the Panel.

D. The Education Services Division Hearing Panel will make the following determinations:

1. What disciplinary offense, if any, has been committed by the student; and
2. If the student has committed a disciplinary offense, what is the appropriate consequence and educational placement; and
3. The Panel must consider the nature of the offense, the student’s disciplinary history for one calendar year prior to the recommendation for expulsion, the student’s academic record and academic concerns, as well as any district regulations, and state or federal laws.
4. If the Education Services Division Hearing Panel determines that the student has committed the offense with which the student has been charged, the Panel may decide on:
   a. Permanent expulsion - Permanent expulsion means permanent removal of a student from a regular school campus and contemplates no trial enrollment except for alternative school placement.
b. Limited expulsion - Limited expulsion allows a student to return to a regular school campus, which may or may not be the campus from which the student was expelled, on a trial enrollment following a successful period of alternative school placement, except that no student who has been twice expelled for an offense for which a mandatory expulsion recommendation must be made in accordance with Clark County School District Regulation 5141.1 may be granted more than one (1) trial enrollment in Grades 6 through 8 and one (1) trial enrollment in Grades 9 through 12.

c. A modified plan for school placement.

5. If the disciplinary offense falls under NRS 392.466, mandatory expulsions, and the Hearing Panel determines that the student did commit the disciplinary offense, the Hearing Panel does not have the authority to modify the expulsion recommendation.

E. If appropriate, the Assistant Superintendent, Education Services Division, may process an appeal directly to the Board of School Trustees Expulsion Review Board.

F. If the panel upholds the decision to expel the student and the parent(s) or legal guardian(s) does not agree with the decision of the Panel, the parent(s), or legal guardian(s) may appeal the decision to the Board of School Trustees Expulsion Review Board.

G. An appeal to the Expulsion Review Board must be requested in writing and submitted to the Assistant Superintendent, Education Services Division, or designee no later than fourteen (14) days after receipt of the decision of the Education Services Division Hearing Panel.

IV. EXPULSION REVIEW BOARD

A. The Expulsion Review Board will consist of a panel composed of three (3) members, with no more than two (2) members of the Board of School Trustees selected on a rotating basis and an individual selected from a pool of individuals to be identified by the superintendent or his designee. A trustee may not, however, serve as a member of the Review Board to hear any appeal from a student’s parent(s) or legal guardian(s) within the Board District represented by the Trustee.

B. The Expulsion Review Board will meet as necessary.

C. The identified pool of persons eligible to serve, as members of the panel of the Expulsion Review Board will consist of former Trustees, retired educational administrators, retired school counselors and retired school psychologists. A person selected to serve as a member of the Expulsion Review Board will serve a term of one (1) year as a member of the Expulsion Review Board.

D. Two (2) members of the Expulsion Review Board panel will constitute a quorum. A quorum does not have to include a trustee. A decision of the Expulsion Review Board shall be by majority vote and two (2) votes are required to constitute a majority.

E. The Expulsion Review Board will conduct an evidentiary hearing at which both, a school administrator(s) and the student, parent(s) or legal guardian(s), may present evidence, testimony, and argument related to the student’s alleged misconduct and the appropriate discipline in view of all the circumstances, including any prior disciplinary intervention(s) by the school. The evidence and testimony may be directed to the incident itself and/or to the character of the student, including, for example, no more than three (3) other persons familiar with the character or background of the student. Such evidence may not include testimony or other evidence regarding the school disciplinary status of other students who may have been involved in the incident.

IV. EXPULSION REVIEW BOARD (continued)

F. The student may be represented by legal counsel at the Expulsion Review Board hearing, if the parent(s) or legal guardian(s) so desires, at no expense to the District. The school shall be represented by the Office of the General Counsel. The Expulsion Review Board will be represented by counsel from the Clark County Office of the District Attorney.

G. The Expulsion Review Board must make the following determinations:

1. What disciplinary offense, if any, has been committed by the student; and

2. If the student has committed a disciplinary offense, what is the appropriate consequence and educational placement considering the nature of the offense, the student’s disciplinary history for one (1) calendar year prior to the date of the subject offense, as well as the student’s overall academic record or any other academic concerns.

H. The Board of School Trustees will be informed by the Assistant Superintendent, Education Services Division, or designee, of the decision of the Expulsion Review Board.

I. The Board of School Trustees will not conduct a formal hearing regarding the decision of the Expulsion Review Board, having designated the Expulsion Review Board as the final level of due process for the review of an expulsion recommendation, including expulsion recommendations, which result from conduct that is in violation of the Federal Gun-Free Schools Act of 1994. If the disciplinary offense falls under Nevada Revised Statute 392.466, mandatory expulsions, and it is determined that the student did commit the disciplinary offense, the Expulsion Review Board does not have the authority to modify the expulsion.

J. The decision of the Expulsion Review Board is final and binding.

PARENT OR LEGAL GUARDIAN RIGHTS AND
STUDENT SEARCH INFORMATION
PARENT OR LEGAL GUARDIAN RIGHTS

It is the intent to provide opportunities for parent(s) and legal guardian(s) to participate in the education of their child(ren), under law, commensurate with each school’s responsibility for student health, safety, and welfare. Within every school, the principal and staff have the responsibility and authority for maintaining an orderly, safe and respectful learning environment. The rights and responsibilities presented in this section reflect the need for providing parent(s) and legal guardian(s) with opportunities to participate in and advocate for the educational welfare of their child(ren) as mutually supportive and respectful partners in the education of their children.

As a parent(s) or legal guardian(s) you have a right to be included in all aspects of your child’s education through meaningful, respectful participation due to each member of the school community. You have the right to access your child’s school records within the guidelines defined by the Family Education Rights and Privacy Act (FERPA). Parent(s) and legal guardian(s) are informed in advance about school rules, including disciplinary rules and procedures, and possible behavior incident resolutions. Parent(s) and legal guardian(s) can participate in local school organizations and volunteer activities as well as participate in decision-making processes affecting school policies and procedures.

As a parent(s) or legal guardian(s) of a Clark County School District student(s), it is your responsibility to work with school staff and review the K-12 Student Code of Conduct, Educational Involvement Accord, and the Nevada Code of Honor with your child(ren). Prepare your child(ren) for the understanding that they are responsible for their own behavior in school, at school sponsored activities, and on the way to and from school. Prepare your child(ren) to assume responsibility for their own behavior and regular compliance with attendance rules and procedures. It is essential to recognize that school staff have the right to enforce all policies, rules, and regulations of the Clark County School District.

STUDENT VICTIM(S) AND PARENT OR LEGAL GUARDIAN NOTIFICATION

Parent(s) or legal guardian(s) of students who may be victims as a result of other students violating a code in the Behavior Incident Index should be contacted immediately or soon after the facts are identified in relationship to the potential impact to a student victim. Some parental collaboration with law enforcement will be necessary in certain instances; however, the Clark County School District administration recognizes that student victims and the parent(s) or legal guardian(s) must be made aware of information and facts that may directly impact the well-being of their child(ren). Communication with families must remain a priority as they are, in fact, our partners in educating the children of the Clark County School District.

STUDENT RIGHTS PERTAINING TO SEARCHES

What are the requirements for Notice of Student Searches?

• Regulation 5144 and the Student Safety Search Form from Infinite Campus provides an overview of this requirement.
• Reasonable Suspicion - Reasonable facts and inferences and/or information to show it is likely that a student is hiding evidence and the student has broken or is about to break school rules. A hunch does not equal reasonable suspicion.
• Must be reasonable at inception - Based on information, facts, or circumstances, which would lead a reasonable person to conclude that a search will expose evidence of the violation of a school rule based on:
  • Reliable witnesses
  • Specific information regarding contraband or location of contraband
  • Information being recent and credible
• Must be reasonable in scope - Based on age of the student, gender of the student, and the nature of the alleged infraction

What are the requirements for Notice of Student Questioning?

• Administration has the authority and responsibility to question students in order to maintain a safe, respectful, orderly, and positive educational environment. Parental or legal guardian consent is not required prior to questioning a student regarding violation associated with the K-12 Student Code of Conduct.
STUDENT SAFETY SEARCH FORM

Searches of a student’s person or possessions while at school must be reasonable. Reasonableness requires that the search be justified prior to its commencement and be related to the circumstance giving rise to the search. Absent extraordinary circumstances, a student’s person and possessions may be subject on school property only if:
A. The student voluntarily consents to the search; or
B. Prior to a search there is an individualized, reasonable suspicion that the student is hiding evidence of wrongdoing; and
   1. A search is necessary to maintain school discipline, order or safety, and to prevent the removal or destruction of evidence, and
   2. The search is reasonable in scope and methods as related to the alleged wrongdoing and the age and sex of the student, and
   3. The search is conducted in accordance with Regulation 5144; or
C. Appropriate law enforcement authorities conduct the search.

STEPS TO TAKE IN SEARCHING STUDENT:
1. Must be conducted by a school administrator or designee in the presence of another school district employee as a witness.
2. Tell the witness in the presence of the student what you are looking for and why.
3. Ask the student for consent.
4. Make a reasonable effort to notify the parent(s) or legal guardian(s) before, or, as soon as possible, after any search of the student’s person.

STUDENT RIGHTS AND RESPONSIBILITIES
STUDENT RIGHTS AND RESPONSIBILITIES

It is the intent to allow students maximum freedom under law, commensurate with each school’s responsibility for student health, safety, and welfare. The rights and responsibilities presented in this section reflect the need for providing students with greater opportunities to serve themselves and society. A goal of all public education is to have students become responsible adults in a free society.

This requires that students learn to be sensitive to the needs and rights of others and to be aware of the consequences of the actions of themselves and others. Students therefore have a responsibility to protect the rights of other students to an education in a safe, orderly school environment. Students must realize that every right implies a responsibility, and that they should conduct themselves appropriately. It is the student’s responsibility to make appropriate choices on and off campus and report any safety concern to school staff.

As a student of the Clark County School District, it is your responsibility to abide by the K-12 Student Code of Conduct, the Educational Involvement Accord, and the Nevada Code of Honor as it is an obligation of your school to provide a safe and respectful learning environment. Within every school, the principal and staff have the responsibility and authority for maintaining an orderly educational process. School rules are necessary to place limitations on unacceptable behavior in school. They serve not only to restrict undesirable behavior, but also to teach proper behavior. Students are citizens of the greater Clark County School District community and represent Clark County schools at all times.

AFTER SCHOOL CARE POLICY
AFTER SCHOOL CARE POLICY

Some Clark County School District schools partner with local government entities to provide after school care to the Clark County School District students who are in need of supervision at the end of the school day. In schools that have an after school care program or Safekey, correspondence will be sent home including a "Parent Letter" and "After School Care Process: Parental Agreement & Authorization" to all students. Parents who have already registered their child(ren) for Safekey still need to be aware of the After School Care Policy and complete the authorization. In the event the family owes a fine to Safekey, the authorization would be used to transport the child(ren) to a local Boys and Girls Club.
Student safety is a top priority at the Clark County School District. Specifically, the after school care of our students is of great importance. It is critical that you communicate with your school in regards to how your child will safely leave school each day.

The Clark County School District understands that at times circumstances may prevent the timely pickup of a student. Therefore, it is critical that alternate arrangements have been made for after school care. In case of an emergency and a student is not picked up at the end of the school day, school staff will make an effort to reach parent(s) or legal guardian(s) and emergency contacts to arrange for student pickup. In the event that a parent(s) or legal guardian(s) or emergency contact is not reached, the school will follow the Clark County School District After School Care Process.

- When a student is not picked up the first time, the student is sent to Safekey at the site (unless there is an outstanding debt or no signed parent authorization). The parent(s) or legal guardian(s) is responsible for the cost of Safekey.
- When a student is not picked up the second time, the student is sent to Safekey at the site (unless there is an outstanding debt or no signed parent authorization). The parent(s) or legal guardian(s) is responsible for the cost of Safekey.
- When a student is not picked up the third time, the student is transported to the Boys and Girls Club (unless there is an outstanding debt). The parent(s) or legal guardian(s) is responsible for the cost of the Boys and Girls Club.
- In the event there is an outstanding debt at either Safekey or the Boys and Girls Club, the student may be transported to Child Haven/Child Protective Services.
- When a student is not picked up the fourth time, the student is transported directly to Child Haven/Child Protective Services.
- Any time a student is transported to Child Haven, a Child Abuse/Neglect Report is filed.

The Clark County School District has partnered with several community agencies that provide after school care programs for students. The Clark County School District encourages all parents to enroll their students in after school care programs in case an emergency prevents the parent(s) or legal guardian(s) from picking up their child from school within several minutes after dismissal.

Although the Clark County School District does not sponsor, endorse, or control any community programs, your school may help you with accessing information regarding after school care programs such as Safekey and the Boys and Girls Club. However, your school does not register your child. The Clark County School District recommends that you register your child for Safekey in case of an emergency, even if you pick him or her up every day.

Please speak with an administrator at your school to learn more about after school care options and to discuss questions you might have. It is also extremely important that parent(s) or legal guardian(s) update their contact information throughout the school year and return the After School Care Process: Parental Agreement & Authorization form as soon as possible.

Respectfully,

Education Services Division
After School Care Process: Parental Agreement & Authorization

I ________________________, have read the attached letter outlining the Clark County School District After School Care Process guidelines. I understand that if my child is not picked up at the end of the school day, school staff will make an effort to contact me and/or someone listed on my child’s emergency contact form to arrange for my child to be picked up from school. In the event that I or an emergency contact cannot be reached, I understand that the school will follow the Clark County School District After School Care Process.

I also understand that the Clark County School District does not sponsor, endorse, or control any community programs including Safekey and the Boys and Girls Club. I understand that it is required that I complete this authorization, to be used only as an emergency option, if my child is not picked up from school on time and no emergency contact can be reached, in order to avoid my child being transported to Child Haven.

As part of this After School Care Process, for the safety of your child, certain information will need to be shared with Safekey or the Boys and Girls Club, if applicable. I hereby authorize the Clark County School District to release my child’s registration information to Safekey or the Boys and Girls Club program.

I understand that I will be responsible for charges incurred and will pay the school to reimburse for the cost of Safekey and/or the Boys and Girls Club, as applicable. I also hereby authorize the Safekey program and/or the Boys and Girls Club to release my child’s fee balance (if any) to the Clark County School District for the purpose of determining whether my child may be taken to Safekey or the Boys and Girls Club as part of the After School Care Process.

RE-ENGAGEMENT STRATEGIES
A student returning to school after a short-term suspension or other exclusionary disciplinary action may exhibit a range of emotions. The student may feel anger, betrayal, embarrassment, and a sense of distance. The student has missed academic instruction and the social dynamic associated with attending school. It is likely that peers are aware why the student has not been in school; the student’s teacher and administrators have talked with parent(s) or legal guardian(s) who are most likely concerned, and now the student must anxiously return to face peers, teachers, and administrators. Though this situation is far from perfect, what happens next may affect the remainder of the school year for that particular student. This represents a critical moment for connection and problem solving.

Whether the result of a minor infraction or something more problematic, mistakes are how learning occurs. For some, this learning comes harder than it does for others; some mistakes are bigger. It is incumbent upon us to address and correct misbehaviors – and this may mean excluding a child from school.

There are few messages that an educator can send to a child as powerful as, “You can’t be in my classroom right now.” When necessary, it can be a dynamic tool to prevent and correct behaviors. However, the removal from school is just the beginning of the corrective process. What happens when a student returns to school is also a critical factor in the process.

Schools and their staff are key to this process and each school should create a system for re-engagement that makes sense for their school communities. Schools can improve outcomes for students, make their campuses safer, and reduce the chances that a student will re-offend.

School leadership should encourage a team approach to student re-engagement. This team may include an administrator, counselor, social worker, transition specialist, or other professionals to help guide a successful re-engagement process.

Teams should focus on a process that ensures a smooth transition, appropriate placement, therapeutic support, multi-system collaboration, and one that develops a plan to monitor and evaluate progress. This process is key to establishing student-centered support systems for successful student re-engagement that include safety, support, care and connectedness, engagement and challenge, and peer social and emotional connections.

Parent(s) or legal guardian(s) will play a key role in successful re-engagement strategies as well. Parent(s) or legal guardian(s) should talk with their child(ren) and think together about the goals of returning to school. Reflect on how your child’s behavior might have looked through the school’s eyes. Create a list of suggestions for support and skills your child might need to prevent future problems. Reflect on the facts, as you know them and talk with your child about how the situation could have gone differently and what you expect when they return.

The goal of the re-engagement process is to support the student’s ability to be successful in school when they return following a period of short-term or long-term exclusionary discipline.

The Clark County School District has a team approach that consists of administration, counseling support, social workers, transition specialists, if available, and other key professionals that can offer assistance to students. Re-engagement practices will assist students and ensure future discipline offenses are minimized.

THE NEVADA CODE OF HONOR
THE NEVADA CODE OF HONOR

Nevada Department of Education

There is a clear expectation that all students will perform academic tasks with honor and integrity, with the support of parents, staff, faculty, administration, and the community. The learning process requires students to think, process, organize and create their own ideas. Throughout this process, students gain knowledge, self-respect, and ownership in the work that they do. These qualities provide a solid foundation for life skills, impacting people positively throughout their lives. Cheating and plagiarism violate the fundamental learning process and compromise personal integrity and one’s honor. Students demonstrate academic honesty and integrity by not cheating, plagiarizing or using information unethically in any way.

What is cheating?

Cheating or academic dishonesty can take many forms, but always involves the improper taking of information from and/or giving of information to another student, individual, or other source. Examples of cheating can include, but are not limited to:

• Taking or copying answers on an examination or any other assignment from another student or other source
• Giving answers on an examination or any other assignment to another student
• Copying assignments that are turned in as original work
• Collaborating on exams, assignments, papers, and/or projects without specific teacher permission
• Allowing others to do the research or writing for an assigned paper
• Using unauthorized electronic devices
• Falsifying data or lab results, including changing grades electronically

What is plagiarism?

Plagiarism is a common form of cheating or academic dishonesty in the school setting. It is representing another person’s works or ideas as your own without giving credit to the proper source and submitting it for any purpose. Examples of plagiarism can include, but are not limited to:

• Submitting someone else’s work, such as published sources in part or whole, as your own without giving credit to the source
• Turning in purchased papers or papers from the Internet written by someone else
• Representing another person’s artistic or scholarly works such as musical compositions, computer programs, photographs, drawings, or paintings as your own
• Helping others plagiarize by giving them your work

All stakeholders have a responsibility in maintaining academic honesty. Educators must provide the tools and teach the concepts that afford students the knowledge to understand the characteristics of cheating and plagiarism. Parents must support their students in making good decisions relative to completing coursework assignments and taking exams. Students must produce work that is theirs alone, recognizing the importance of thinking for themselves and learning independently, when that is the nature of the assignment. Adhering to the Code of Honor for the purposes of academic honesty promotes an essential skill that goes beyond the school environment. Honesty and integrity are useful and valuable traits impacting one’s life.
